GERMAN PARTNERSHIP FOR SUSTAINABLE MOBILITY

Prague, 16.03.2016

Supported by

On behalf of

The German Partnership for Sustainable Mobility

- is your **guide for sustainable mobility and green logistic** solutions and knowledge from Germany
- is a **reliable and inspiring network** which offers access to knowledge, experts, and networking events on sustainable mobility and green logistics.

Sustainable Mobility – Made in Germany

- stands for **sustainable, proven, resource efficient, innovative, trustworthy and flexible solutions** for all domains of mobility and logistics services.
- stands for a **long history of successful changes and transformations** in the transport sector.
- stands for high class **public transport** systems, comprehensive approaches to support **walking and cycling, worldwide championship in logistics** as well as **improving road safety**.

We support the transformation towards sustainable mobility in developing and emerging countries
